Mexican Folk Dancers Entertain At Nursing Home On Page 4

NEW TWIST IN pouring cement was seen at the Youth Exposition Building site as this special truck pumped concrete into a long hose which was manipulated by workers to fill in the foundation.

Search Continues For Bank Robbers

Law enforcement officials of Thorndale, Milam County, the FBI, and the DPS are still searching for two bank robbers who hit the Thorndale State Bank around 6 p.m. Friday and got away with $23,000.

This was the second holdup for the bank in six months, the other robbery took place July 15 of last year.

Thorndale Police Chief Jack Brown said FBI agents and fingerprint specialists from the Texas Department of Public Safety had examined the bank for evidence and prepared composite sketches of the robbers from witnesses' descriptions.

The robbers were both black, with one described as 6 feet and 2 inches and the other 5 feet, 6 inches tall. Both were in their 20s. The shorter man displayed a gun during the robbery.

Bank President Norman Clement said he, a customer, and two other bank officers were in the bank when the robbers came in. They were ordered to get behind the tellers windows and lie on the floor.

The men then took money from drawers behind one teller window and then forced Clement to open a safe at the bank and took more money from the safe. The four persons in the bank were locked in the bank's vault and the two men fled.

Clement said passers-by saw the men leave the bank. After several minutes someone came into the bank and heard Clement and the others tapping on the valul door and released them.

A Thorndale resident, Bob Shepherd, saw the robbery in progress and followed a car to Thrall at speeds of more than 100 miles per hour, Brown said.

Brown said Shepherd lost the car at Thrall, but expressed some doubt as to whether the car was that of the robbers. Witnesses had reported that the robbery car had license plates front and rear, while Shepherd said the car he pursued had no rear plates, Brown said.

The men escaped in a blue Buick Special. According to police radio reports, a car matching the description was seen at the crossroads of Hwy 290 and FM 112 at 6:50 p.m., but it was undertermined which direction the car took.

A car matching the description of the robbers' car was stopped in Rockdale at 7:06 p.m. and was occupied by two black men roughly fitting the description of the robbers.

Witnesses failed to identify the two men, but they were placed in Milam County jail after officers found approximately 12 ounces of marijuana in the car.

AN AMORPHOUS THING....

A group too often has no head, no tail and no guts.

117-117-117

ON THE WAY....

....to this edition, I swapped notes with Fort Worth technologists over several new devices in newspaper ing which will be demonstrated here in a few days.

....heard Tony Bennett, backed by the Dallas Symphony Orchestra in a pops concert, leave his "heart in San Francisco" among other musical places.

....waited out a day of drizzle and rain which kept people off the outdoor courts and on the indoor courts in Big D.

....saw a movie called "Network" which is a compelling study of big-time television, its commercialism and dedication to keeping alive the "free speech" movement of Berkley, 1964.

....noted the president of the new industry coming to Cameron wears a beard and moustache.

....enjoyed learning that Rev. John Geiser's 46 years as a priest, 18 in Cameron, have been recognized in Rome with the designation of "monsignor," sharing similar honor with two priests in Waco.

....learned that Thorndale State Bank was "hit" for the second time in six months for an estimated $23,000.

....reconvinced myself in conversations with other newspaper types that communicators never learn enough, never lead enough and take too seriously a bad day in news, tennis and other important things.

117-117-117-

TO PRESS

In one recent conversation with a staffer new to a North Texas publication, I suggested reading a few books on the founding of THE NEW YORKER magazine and its editorial genius, Harold Ross, who died about 1950.

An unlikely sophisticate who looked like an oversized bumpkin, Ross had been with Stars and Stripes during World War I in Paris. He later edited the first American Legion magazine before an heir to the Fleischman Yeast fortune agreed to finance his magazine about New York, when indeed it was undisputed talent capital of music, drama, literature, and opera.

THE NEW YORKER became the slickest, best written, best illustrated magazine in the country, the prototype for all city magazines, even Texas Monthly, the successful Texas periodical.

Ross did all that in about 25 years, collided at will and for years with Henry Luce and other pioneers of TIME-LIFE-FORTUNE who now produce "People Magazine." And with all that, he kept an extraordinary sense of humor.

Inevitably, when he was wandering from one writer's office to the next, from one sub-editor's cubicle to another, moving partitions and arguing the merits of cartoons, almost at one time, inevitably someone would ask where he was going.

And inevitably, he would answer: "To press, to press."

News Briefs

Board Sets Election

The Milano school board set April 2 for a trustee election with three places to be filled.

Incumbents are John Yoakum, Ben Lagrone, and Joe Willingham. March 3 is the deadline for filing in the election.

Also during the trustee meeting the board appointed Ray Whited, Petie Graham, and Tommy Watson to the tax equalization board.

In other action, trustees extended the contract of Supt. Charlie Martin until 1980.

Fire Destroys Hay

A fire at 4 a.m. Saturday destroyed some 2500 to 3000 bales of hay stored in a barn just east of the Country Club gates. The barn belonged to Joe Hickman of Cameron.

Fire Chief Felix Matula reported that the barn and contents were engulfed in flames when the fire truck arrived, and efforts were concentrated on keeping the fire from spreading.

Parked Car Struck

Sunday at 7 p.m. a pickup driven by Furmon Shuffield traveling east on 12th St. struck a parked car in the 600 block, knocking it 195 feet down the street. The car belonged to Charles Kirk. Shuffield was taken to Newton Hospital for examination.

Fire Damages Cafe

Heavy damage to a rear storeroom and kitchen in the A-1 Cafe in Rockdale was reported after fire broke out at the site at 11:25 p.m. Monday. Smoke damage was reported to Love's Flowers and Palmetto Dodge which adjoin the cafe building.

Two Incumbents File

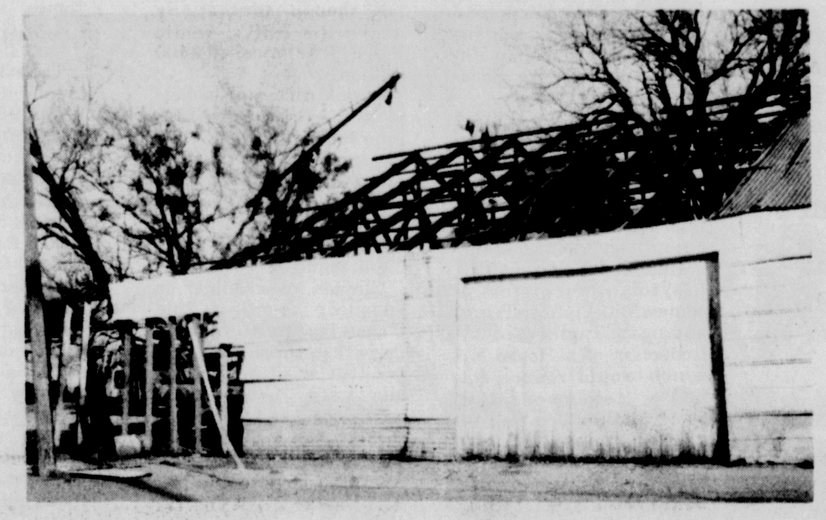
Incumbent school trustees Betsy Brown and Calvin Cobb have both filed for re-election. Deadline for filing in the school board election is March 3.

Two Arrested On Pot Charge

Bon d was set at $2,500 each for two Michigan men arrested in Rockdale Friday night who were charged with felony possession of marijuana.

The men were stopped by Rockdale police in a search for two men who robbed the Thorndale State Bank earlier Friday evening, and were found to have 12 ounces of marijuana in their car.

A juvenil e was also arrested with the pair.



IN CONTRAST to construction, the old laundry building which was also a beer warehouse is coming down, another improvement in the face of the city.

Incorporation Study Voted In Milano

Milano citizens voted to continue a study of incorporation for the town, with School Supt. Charlie Martin authorized to circulate a petition to see how many people would vote for the measure.

Martin was also authorized to appoint a committee to determine the boundaries of the proposed new city. The committee will be appointed in a few days, Martin said.

Vote for the incorporation study came at a meeting of approximately 100 residents Monday night at the Milano School.

The vote to make the study came after an hour and a half of discussion of the issue's pros and cons.

Participating in the discussion were two representatives of Shell Oil Co. who answered questions about possible influence the proposed strip mining venture would have on Milano.

Mike Vallez, mining ventures superintendent, and William Devereux, public relations manager for mining ventures, told the crowd that Shell could not say definitely where any of Shell's proposed mines would be located until the company finds a market for the southeast Milam County lignite and determines how to transport the lignite to that market.

Shell has leased 25,000 acres in Milam for possible strip mining. Vallez told the group the lease runs from north of Milano to southwest of Rockdale and intersecting US 79 about midway between the two communities.

Devereux also explained that the final site decision would be influenced by the results of a socioeconomic impact study which should be released in February or March.

Price Of Coffee Taking Lift Out Of Consumers' Breaks

By Chris Holcombe
Milam Co. Ext. Ag.

If the price of coffee is taking the lift out of your coffee break, take a look at alternatives.

Citing figures prepared by Agricultural Research Service's Consumer and Food Economics Institute, a cup of regular coffee made with some brands cost about 6 1/2 cents. A cup made from other brands cost about 5 cents, and a cup made from regular instant coffee costs less than 2 1/2 cents.

If consumers are willing to switch to tea, they can cut costs further. Tea costs less than 1 1/2 cents a cup, depending on how you make it.

The cost of coffee almost tripled in the past year--now selling at $2.70 to $3 a pound or more in most areas. The majority of adults have coffee every day.

Even with inflated prices, most people are likely to drink coffee. But there are things they can do to hold down the cost. They can also switch to beverages that might cost more but will provide nutrients that a cup of black coffee will not.

For those who intend to go on drinking coffee, here are some recommendations you might use:

--Avoid wasting it. Brew as much as you will drink and no more.

--Try coffee that is a little weaker than usual. You may like it just as well.

--Compare brand prices.

--Use regular instant coffee. Per cup of beverage, it costs only half as much as ground and less than freeze-dried coffee, too.

--Compare the unit prices (cost per ounce or per pound) of different size can s and jars of coffee to find the best buy. United prices are shown on the display shelf in many supermarkets.

For those who are cutting down on coffee and trying another beverage, here are some suggestions:

--Drink tea or a cereal beverage at a third or a half the cost of coffee. You can often save more by making tea with loose tea leaves or instant tea instead of tea bags.

--Use bouillon occasionally, unless you are on a low-salt diet.

--Drink milk made from nonfat dry powder. It costs less than coffee. Unlike coffee, it provides important nutrients--calcium, protein, riboflavin and many others. A 6-ounce cup of milk made from non-fat powder provides about 70 calories. Coffee without milk and sugar added, provides essentially no calories.

--Use hot chocolate made from a home recipe or a commercial mix. It costs a little more than coffee. But for the extra cost it furnishes the nutrients of milk as well as some iron (from the cocoa). A 6-ounce cup provides 140 calories or more.

--Use fruit and vegetable juices. Some cost no more than coffee and provide vitamins and minerals.

Sheriffs Exhibit Being Planned For Museum

One of the first exhibits for the new Milam County Museum will be a sheriff's exhibit, with pictures and old equipment used by early day county sheriffs. Pictures are being collected and former Sheriff Carl Black's roll-top desk has been loaned for the exhibit.

This was one of the plans discussed at a meeting of the museum committee Tuesday afternoon, with discussion also centering on a membership drive which will start soon.

School officials were present, including Roger Hashem, Milano principal; and superintendents Buddy Dulin of Cameron, Dr. Walter Vincent of Rockdale and Jimmie Hauk of Buckholts.

They agreed to a membership drive in the schools, with a percentage of funds collected being retained by students for their activities. Contacts for those without children in schools will be made by community representatives.

The museum needs the donation of a typewriter, typewriter table, chair, and a table for meetings. Anyone who wants to donate these items should contact a member of the museum committee.

New City Marshal Named For Rosebud

A new city marshal for the town of Rosebud has taken over his duties, filling a post that had been vacant since Sept. 1. He was hired by the city council in a special session held Saturday morning.

The new marshal is Rodney Blasingame, 24, of Mart, a former Falls County sheriff's deputy and former police cadet for the Waco Police Department.

Since the former city marshal and his deputy resigned in protest Aug. 31, law enforcement in Rosebud has been handled by a Falls County sheriff-been handled by a Falls County sheriff's deputy and a part-time city deputy. In addition, state troopers have been patrolling the city regularly.

Previous efforts to hire a new city marshal have ended in frustration for the council. The first person hired could not find suitable housing and declined the offer.

Milam County Precinct 1 Constable Maurice Lowrey accepted the position in mid-December and was due to start Jan. 1. However, he asked for an extension until mid-March due to heart surgery.

Another applicant was decided upon but told the council later that he no longer wanted the job.

Judge Revokes Probation For Cameron Man

A ten-year probated sentence for murder being served by Eaffie Jones, 19, of Cameron, was revoked in a hearing Friday by District Judge Thomas Bartlett of Marlin.

The hearing was called after charges were filed on marijuana possession and assault of a woman in evading a police officer. The marijuana charge was filed Dec. 5, 1976 and the assault and evasion charge was filed Jan. 2.

Jones was serving the 10-year probated sentence for the murder of Harry Bennett of Cameron in June 1975 at the Chat 'N Chew in Cameron.

Jones was scheduled to be transported to the Department of Corrections at Huntsville this week.

Sales Tax Rebate

The City of Cameron banked a $7,487.65 sales tax rebate check from the state comptroller. Area rebates included Lott with $7,473.58; Rockdale, $2,842.76;. and Rosebud, $2,009.47. Rogers, Buckholts, and Thorndale did not receive rebates this month.

Money For Milam Museum...

The Milam Museum governing board is scheduling a funding program, membership drive, whatever you want to call it.

This museum is making real progress in the year it has had facilities opening to it and several thousands in basic funding and volunteer work to its present status.

The museum needs operating funds to continuously update and improve a building which has at least four levels of display area, reaching to the cupola where hanging was once a function of early justice.

We encourage Milam Countians to respond in this project and institutionalized presentation of Milam County development.

It serves Milam County as an attraction to modern people and history students who find the role of this county important to the early development of the Cen-Tex cotton era, colonization, and early 20th century Texas leadership, all of which it was.

Milam Musem capsules this century plus of agrarian development. In an industrial era, it is of greater interest in the contrast of lifestyle and economics.

It is a project which will contribute dimension to a modern Milam County as no other could, not even a library.

County Court-At-Law...

Bell County already has it and McLennan County is asking for it and Milam County in time will need a county court-at-law.

This means a county has two county judges, one which is the standard administrator not required by Texas law to be an attorney, the other a judge who is an attorney, to try the myriad of traffic, misdemeanor, and juvenile questions.

County Judge Bob Thomas has asked McLennan area legislators to draw up a bill enabling a new court-at-law in Waco. Bell County, we believe, made the distinction a few years ago.

As Milam County continues to modernize and grow, it will require a fulltime county judge who hears litigation at the county level. And the administrative problems of a modern county will require full attention of the county judge administrator.

As things stand in most counties, the same judge, who may have experience but lack expertise, handles both areas of responsibility.

To do both, it is asking a lot in non-metro counties. It is asking too much in the metro counties.

We would like to see Milam County follow this idea before the load exceeds the sinew of the office.

Texas Manufacturing Is Running At High Rate

Texas goes into the new year with manufacturing on about as firm a footing as anywhere.

At a record level, nearly 38 percent higher than ten years ago, the state's manufacturing is running over 10 percent higher than at the trough of the recession nearly two years ago.

Nationwide, manufacturing output is nearly 17 percent higher than at the trough.

But the recession was less severe in Texas. Even with the much faster increase nationwide, production is still higher in Texas than in the nation.

Across the country as a whole, manufacturing is about 30 percent higher than it was ten years ago.

The difference is due to the composition of manufacturing in Texas.

Though petroleum production is declining in Texas, it still sets the tone for well over half the state's manufacturing.

This is the half that equips oil and gas producers and processes their output. And as new demands were put on petroleum producers just as the recession was setting in, this has been by far the faster growing half.

Mostly along the coast, Texas has the largest concentration of petroleum processing capacity in the world.

Based mainly on the once plentiful domestic supplies of oil and gas and now operating mostly on imports, refineries, and chemical plants account for roughly a third of the state's manufacturing.

That is well over a fifth of its industrial production. Nationwide, such plants turn out less than a tenth of the industrial products.

Scattered across the state are shops and foundries that make Texas one of the world's principal sources of oilfield equipment. They account for about a fifth of the manufacturing.

With more effort being made worldwide to find new oil, markets for oilfield equipment expanded throughout the recession. And though competition has often been stiff overseas, much of the state's growth in the production of oilfield equiment has been for export markets.

Machinery production continued expanding throughout the recession. When it ended, the state's output of machinery was 11 percent higher than when it began.

Since then, production has continued to rise, advancing another 6 percent last year to a level a third higher than a year before and two-thirds higher than ten years ago.

For metal fabricators, gains during the recession were less spectacular. Much of their business was lost to the decline in demand for such goods as construction steel.

With the increase in demand for goods related to petroleum, however, they held their own, feelng little more than a pause in their expansion.

OLD PHILOSOPHER

Dear editor:

Stating the problem, I've noticed, is a lot harder than finding the answer.

According to government figures, about half the automobile accidents in this country involve people who've had too much to drink. It's one of the most serious problems of the automobile age and responsible people are wracking their brains to find an answer. One official announcement the other day a new device under consideration may be the answer.

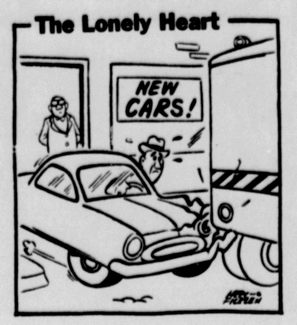
He reported scientists are working on a sniffer, an apparatus attached to the ignition of a car. You blow into it and if you have alcohol on your breath, your car won't start.

I'm afraid the idea would result mostly in the increase in the sale of bicycle pumps. All a drunk would have to do is turn his head, pump air into the apparatus, the car would register him sober, and he could start the engine and weave toward his next accident.

Let's change the subject. I was watching the inauguration of President Carter on television last week and got to wondering about the wooden stand erected for the occasion. I don't know what it cost but it was a lot of money for something to be used just a few hours. And remember it has to be re-built every four years. Next time, why not hold the thing in Washington's football stadium? The big shots could sit on the 50-yard lind, Congressmen on the 30, and the common folk in the end zones.

You see, political promises are like prices in a clothing store. After January 1 they're all reduced 20 to 30 percent.

Yours faithfully,
J. A.



Dateline Austin

3 Budget Bills Under Study

Fast-starting Texas legislators now have three budget proposals before them, suggesting different approaches to spending state revenues.

Legislative Budget Board's $15.3 billion biennial appropriations bill was introduced in the Senate last week, and first hearings on small agency requests began immediately.

House Speaker Bill Clayton, who prefers a somewhat tighter-fisted approach, engineered introduction of a House bill which would reduce the LBB recommendation about $125 million.

Gov. Dolph Briscoe, meanwhile, submitted his Executive Budget, which would total $16.1 billion from all funds — an increase of $2.2 billion over current levels.

Briscoe calculated his bill, though substantially above the LBB's, would leave a balance of $400 million.

Major differences between the Briscoe and LBB approaches lie in the governor's $845 million school finance plan and his $825 million in recommended new funding for highway building and maintenance.

Clayton, a hard-liner on spending, in effect, told House leaders to take no more than three months to turn out an appropriations bill.

The speaker further told them to use a "hammer" if necessary to make sure spending stays below the $15 billion mark for the next biennium.

Clayton set April 11 as the deadline for presentation of a budget bill to the House.

Allowable Set

The statewide oil allowable for February will be held to 98 per cent of potential production.

Railroad Commission Chairman Mack Wallace noted the U.S. last year paid $35 billion for imported foreign oil — equal to $400 for each of 88 million American workers.

Crude imports in 1976 were more than 5.8 million barrels daily (based on the four-week average of January 7). That is an increase of more than 1.1 million over 1975.

Commissioner Jim Langdon said Texas had 49 fields with an allowable of 10,000 barrels a day or more in 1971, with 88 per cent of them producing their allowables. Last year, he said, the number of fields capable of that much production dropped to 28.

Wallace blamed need for imports on improper management of natural resources in Washington.

Three Contending

If Agriculture Commissioner John C. White goes to Washington as U.S. Under-Secretary of Agriculture, at least three will seek appointment of his job.

Briscoe would fill such a vacancy in statewide office until the 1978 general election.

Among those who acknowledge they would like to succeed White are his deputy commissioner, Bill Pieratt, 61 of Giddings, State Rep. Joe Hubenak of Rosenberg and State Rep. J. E. "Pete" Laney of Hale Center. All have agricultural interests. Many think Pieratt has the inside track for appointment.

All three have indicated they would be candidates for a full term as commissioner if they get named to White's unexpired term.

Courts Speak

The Supreme Court upheld a $14.4 million Corpus Christi bond issue, in spite of the fact the election proposition did not specify the interest rate bonds are to bear.

Fifty thousand dollar bail for a man charged with killing his wife and daughter is excessive, the Court of Criminal Appeals held.

The Supreme Court ruled a Beaumont woman who shot her husband, thinking he was a house breaker, cannot collect his life insurance.

An insurance company does not have to pay the repair bill for a rented motor home used to transport illegal aliens, the Supreme Court held.

AG Opinions

Atty. Gen. John Hill said portions of a Texas Rehabilitation Commission investigation of proprietary schools should be made public, except for information which identifies individual rehabilitation clients.

In other recent opinions, Hill concluded:

The State Board of Insurance is authorized to approve policies insuring against "incidental coverages" usual and customary in connection with medical liability insurance. The $300,000 policy limit is an aggregate limitation and applies to all claims arising from occurrences during the policy period.

The legislature could establish a separate student loan insurance program, but not through the Texas Opportunity Plan Fund.

Statutes dealing with required sworn inventory for going-out- of-business sales are clear enough and therefore constitutional.

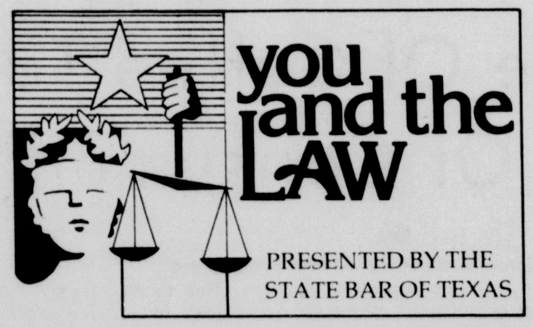
A landscape architect cannot be denied registration due to non-citizenship.

Short Snorts

Rep. Craig Washington of Houston was elected head of the Texas legislature's Black Caucus.

Twenty-two members of the State Board of Education were assigned last week to five standing committees.

Joseph J. Piotrowski Jr. is new acting director of the Railroad Commissions's Gas Utilities Division.



Q: I've got a cyclone fence along the back of my property, which adjoins an apartment house parking lot. The fence is being pushed down by cars in the apartment complex, and I've written the owner several times. However, the apartment is owned by a large corporation in another city and I can't get them to communicate with me. Can I take steps to get them to repair or replace my fence?

A: If a fence constructed on a homeowner's property is being damaged by an adjoining property owner, the homeowner may sue the neighbor to recover for damages to the property.

Q: If I mail a traffic ticket with a check or money order sufficient to pay the fine for a traffic offense, is this an admission of guilt?

A: Most traffic tickets have a blank where you must sign to enter a plea of guilty. If you desire not to plead guilty, you can mail the ticket without your signature along with the payment of the fine, and a plea of nolo contendere will be entered for you. A plea of nolo contendere, commonly called a "no contest" plea, could become important should a lawsuit be filed as a result of the traffic offense. In a personal injury suit, a plea of guilty in a traffic offense is admissable as evidence to be used in determining who was legally at fault in an accident.

Q: My husband and I are retired and have a 175-acre farm. All of our eight children are married. Neither one of us has a will. When we die, will our children receive all of our property?

A: A surviving spouse would share ownership of the couple's community property with the couple's children after the death of one spouse who left no will. This shared ownership would result because the one-half share of the community property owned by the spouse who died would pass to the children. If the surviving spouse does not remarry or dispose of the land by sale or gift, the remaining one-half ownership would pass to the children at the death of the surviving spouse if no will was left.

Q: We're planning on buying five acres in the country with a house. But we discovered this property is subject to outstanding mineral rights. Because we're buying the property to use as a residence rather than for mineral exploration, we're not concerned that someone else owns this interest. However, we're not sure whether this mineral interest will affect our rights to the property.

A: An outstanding mineral interest may seriously affect the use of property as a residence. The owner of a mineral interest may have the right to enter the property and remove the minerals from around your house in a reasonable manner.

Send your questions to "You and the Law," State Bar of Texas, P. O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

CAN YOUR SEED PASS THE SPACE AGE SPACERS® TEST?

YES	NO	
☐	☐	Are they assured VARIETAL PURITY?
☐	☐	Have they been WET ACID DELINTED?
☐	☐	Have they been DUAL GRAVITY GRADED?
☐	☐	Are your seed SURESTAN COATED for protection against adverse soil conditions?

MEXICAN FOLK DANCERS perform at the Colonial Nursing Home Saturday with residents enjoying the lively steps and colorful costumes.

MEETING THE FOLKS at the nursing home was a treat for the dancers after their performance at Colonial Nursing Home Saturday.

Folk Dancers Entertain Srs.

The residents of the home were entertained by the Mexican-American Folk Dancers of Cameron on Saturday evening, Jan. 22. Miss Linda Borgas was mistress of ceremonies. Dora Linda DeLaRosa, Hope Flores, Esperanza Tamez, Irene DeLaRosa, Michael Flores Jr. and David Villareal danced a number of Mexican folk dances and were dressed in Mexican costumes. The residents thoroughly enjoyed this event.

The ladies of the St. Ann Altar Society of Marak hosted the January birthday party on Jan. 23. Those honored were Charles Bishop, Maggielue Aycock, Mrs. Mary Houston, Mrs. Altha Lesikar, Mrs. Leona White, Mrs. Emma Reimer, and Mrs. Carrie Rudder.

Kathleen Vaculin entertained the group with several selections on the piano.

Alfred Vrazel played the accordian and the group sang several Czech songs for the patients. Cindy Vrazel played the birthday song.

Those attending the party were Mary Matula, Mary Ann Plachy, Theresa Thompson, Albina Vrazel, Rita Mikulec, Bernice Vrazel, Jean Ribar, Dorothy Vaculin, Elizabeth and Sandy Jungmann, Edith and Kathleen Vaculin, and Mr. and Mrs. Rudoiph Tepera Sr.

Sunday, Jan. 23, the patients were visited by the Young People of the Martantha Baptist Church and their pastor, Rev. Bob Van Dyke.

William Geick was elected patient of the month for January by the employes. Mr. Geick was born near Chriesman. He is 76 years old, a member of the Presbyterian Church, the father of seven children, and a retired farmer. He enjoys dominoes and the Old Fiddlers program.

Mrs. Josephine Flores was selected employe of the month by the residents. Josephone attended Temple Junior College of Vocational Nursing. Married to Mike Flores, she is the mother of five children. She is a member of the Catholic church and very active in its work.

SBA Schedules Loan Officer Visit

Small Business Administraton's district director, John L. Carey, in cooperation with Bryan-College Station Chamber of Commerce, announces that on Wednesday, Feb. 2, from 8:30 a.m. to 4 p.m. T.H. Tyll, loan officer, will be available to discuss SBA's financial assistance program.

Persons interested in reviewing their business plans with the SBA representative should call the Chamber of Commerce office at 713-822-3721 to schedule an appointment with Tyll. Location of the Bryan-College Station Chamber of Commerce office is 401 S. Washington Ave., Bryan.

Bear Chant To Open Plaza

"Here come the bears" is a familiar chant in the fall by Baylor football fans to welcome the team players to the field.

In late spring of 1977 "Here come the bears" will welcome Judge and Kelli, Baylor's bear mascots, to a new home which is presently under construction on the Baylor campus.

The Steve Hudson Memorial Bear Plaza will provide a home in the center of the campus for mascots who are at the heart of Baylor tradition.

Mr. and Mrs. Doug Hudson of Harrison, Ark. presented an initial gift of $50-000 for the construction of the new bear plaza. The gift and the bear plaza are in memory of the Hudson's late son, Steve, who attended Baylor from 1966-71.

While the new home is being constructed the Baylor mascots are on a three-month "sabbatical" at Snakes, Animals, and Things Zoo near Belton. Co-owners of the farm are Richard Hix of Temple and Eileen Morron of Belton.

Hix said Judge is in a 12 by 12 foot cage and Kelli is in a 9 by 12 foot cage. He said both bears are comfortable in their temporary homes.

Although Judge refused to switch from Gaines brand dog food to the Purina dog food the zoo had on hand, Hix said that little Kelli "will eat anything and just loves her cage." Hix bought some Gaines food to keep Judge happy, too.

The 12-acre zoo is open 10 a.m. to 6 p.m. daily except Wednesday for persons interested in visiting the bears before they come home to Baylor.

Yoe Netters Win Two

Monday night the Yoe freshmen roundballers traveled to Rockdale to face the Rockdale Tigers in basketball action. The Yoemen dropped that game to the Tigers, 47-35.

The Yoemen were never able to sustain a lead as they trailed at the end of the first period, 13-9 and at the half, 23-12.

The Tigers were able to extend their lead in the third period 37-21 and as the final buzzer sounded, the Tigers handed the Yoemen a hard loss, 47-36.

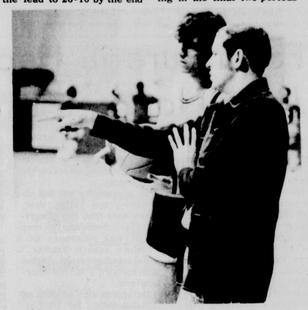
High pointer for the Yoe freshmen was Terry Lowe with 14 points.

In high school roundball action the Cameron Yoemen girls varsity, boys junior varsity, and varsity traveled to Caldwell Friday to battle the Hornets in district basketball action.

In girls varsity action, Yoe girls dominated the courts, defeating the Hornets 51-29.

The Yoemen never trailed the entire game, holding a 7-6 lead at the end of the first period and stretching the lead to 26-10 by the end of the half. The Caldwell girls did most of their scoring in the final two periods but it was not enough as the Yoemen led at the end of the third period 36-22 and went on to defeat the Hornets on their home courts 51-29.

High pointers for the Yoe girls were Evelyn Pittman with 21 points and Tululiah Green with 17.



VARSITY Coach Kenneth Poole gives Gerry Heitman some last minute tips. Heitman led the Yoe scoring against Caldwell with 10 points.

The Yoe boys junior varsity took the allen courts by storm, outscoring the Hornets 41-28.

The Yoemen held a four-point advantage at the end of the first period of play 8-4 but the lead was cut short in the second stanza and the Yoemen left the courts at halftime only two points ahead, 14-12.

The third quarter proved to be a defensive standoff with neither team pulling way out in front. The Yoemen opened up the scoring in the final period, scoring 19 points while holding the Hornets to only 10 points, going on to win the game 41-28.

Leading the scoring for the boys JV were Edward Johnson with 17 points and Edward Steamer with 12.

In other basketball action the Yoe boys varsity dropped their fourth district game to the Caldwell Hornets, 58-40.

The Yoemen led at the end of the first quarter, 14-10. At halftime the Hornets held the edge by two, 24-22. The Yoemen battled back but the Hornets were too much as they handed the Yoemen a tough district loss, 58-40. The loss drops the Yoemen to 3-4 for district play.

MILLARD DANIELS comes inside for 2 points.

High pointers for the Yoemen were Gerry Heitman with 10 points and Greg Kelly and Curtis Wise, both with 8.

CYO Cagers Net District

The Cameron CYO Boys roundballers traveled to Bryan January 16 where they defeated teams from Rockdale, Bremond, Caldwell, and St. Joseph's of Bryan to win first place and become the district basketball champions.

The district win qualified the team to compete in the diocesean play-offs where they won their bout against St. Louis of Austin. The team will travel to Bryan on Jan. 30 to meet the winner of the LaGrange and Granger St. Louis of Austin. The team will travel to Bryan to St. Joseph's gym for a 4 p.m. bout with the winner of the LaGrange-Granger game.

Members of the Catholic Youth Organization 's team are Bruce Zarosky, Dennis Hollas, Randy Sapp, David Hornung, David Kornegay, Steven Hdlas, Albert Hanel, Terry Lowe, Brent Zarosky, Chris Glaser, Glenn Glaser, Thomas Mchalka, and Michael Schiller.

Knights Of Columbus Free Throw Contest Held In Caldwell

The district competition in conjunction with the annual Knights of Columbus free throw contest was held in Caldwell Sunday.

Twenty-four representatives from the councils of Caldwell, Bremond, and Cameron took part in the competition.

Eight winners were selected to advance to regional and of those eight, five will be representatives of the Cameron Council 2338.

Winners from Cameron included: Robert Hudson, 11; David Hall, 13; and Jim Bailey, 14, all in the boys division; and Denise Kelley, 13; and Kay K. Jones, 14, in the girls division.

These five youngsters will travel to Killeen on Feb. 26 to participate in regional competition.

Hunters Participate In TP&W Hunt

AUSTIN

Hunters who participated in public hunts on three Texas Parks and Wildlife Department wildlife management areas killed a total of 303 whitetails during the 1976 season.

Another 13 axis and 2 sika deer were taken by hunters on the Kerr Wildlife Management Area in the Hill Country.

Of the 461 hunters on the Kerr Area, some 37 percent were successful in bagging a deer. Of the 161 whitetails taken, 98 were bucks and 63 were does. Twenty-nine of 35 yearling bucks killed on the Kerr Area this year were spikes. Area manager Donnie Harmel attributes the high number of spikes to poor range conditions during the winter and spring of 1976.

Largest buck taken at the Kerr Area weighed 119 pounds field-dressed, with 11-point antlers.

Harmel said most of the deer taken were in good condition. Antlers on bucks were good, especially when compared to those on deer killed at surrounding private ranches.

Hunters on the Engeling Area in Anderson County had much the same success. A total of 72 deer was killed by the 196 hunters who participated. The harvest was split between 41 bucks and 31 does, all of which were in good shape, according to area manager George Veteo.

But Engeling Area deer were considerably smaller than ones from the Hill Country or at the South Texas Chapparel Area. Largest buck taken on the Engeling Area was a 15-point deer which field-dressed some 90 pounds. It was a 6 1/2 year old deer.

As is usually the case, the largest deer came from the Chaparral Area in Dimmit and LaSalle Counties. Area manager Ernie Davis reported six bucks which field-dressed 130 pounds or more. Biggest buck weighed 152 pounds with eight-point antlers that measured 4 1/2 inches around the base.

The Chaparral Area was open for hunting with both modern and muzzleloading firearms. Ninety-three hunters used muzzleloaders and another 96 used modern weapons.

The muzzleloaders harvested 23 deer, and 47 deer were taken by hunters with standard rifles.

Davis kept track of deer which were reported hit by hunters but unrecovered. He found muzzleloaders lost some 20 percent of the deer hit as compared to a 10 percent loss by hunters using conventional firearms.

All deer taken at the Chaparral Area were in good condition with heavier bucks being killed during mid-December hunts.

County Agent's Notes

Interest Grows In Corn Crops

By Bill McCutchen
Milam Co. Ext. Ag.

There is increased interest in corn in Milam County for 1977. Corn was commonly grown in the county before hybrid grain sorghum became widely accepted, but lost ground because of yield potential, grass and weed problems, and ease of harvest.

High producing hybrids are now available that resist lodging and are quick maturing enabling producers to harvest shortly after grain sorghum. This quick maturity will help in stalk destruction and weed control.

There are several options of chemicals that are effective on weeds and grasses in corn including seed Johnsongrass, that would not be recommended in grain sorghum.

Dr. Dave N. Weaver, Extension weed control specialist will be in Cameron at the Cameron Chamber of Commerce office February 3 at 7:30 p.m. to visit with any interested in corn weed control.

If you are going to plant corn or you are considering the possibility, I would suggest that you make plans to meet with us Thursday night in Cameron.

Other dates that you may want to keep in mind include a grain sorghum clinic the afternoon of February 8 in Cameron and a cotton meeting February 15 in Thorndale.

Farm Bureau Head Joins National Directors

HONOLULU

Carrol Chaloupka, Dalhart livestock and grain producer, was elected to the board of directors of the American Farm Bureau Federation at the conclusion of the organization's 58th annual meeting here Jan. 9-12. Chaloupka i s president of the 195,000-member Texas Farm Bureau.

Chaloupka, elected president of the Texas Farm Bureau in 1974, headed up the state's 14 voting delegates to the AFBF annual meeting. A delegation of 450 Texans were among the 16,000 persons attending the convention.

In a carefully-worded resolution, the voting delegates said that use of agricultural income support measures was necessary as a "cushion against disaster," but wanted to avoid "undue interference" in the marketplace.

Delegates also adopted national policie s for 1977 attacking the growing power of government regularoty agencies, restraints on access and development of world markets, interference with market-oriented economy and the failure of government leaders to produce a comprehensive national energy policy.

The national Farm Bureau convention will be held in Houston next January.

"We oppose the creation of a government-controlled food reserve in the United States and U. S. participation in any internationally-controlled reserve," the delegates said.

Government farm programs to improve farm income "should be designed and administered to enhance market opportunities to the end that farmers will earn higherincomes in the marketplace and will not be dependent on government payments for a portion of their income," the delegates said.

"We will continue to oppose any program, which by excessively high target prices or loan rates, would make farmers dependent on government payments or reestablish a government-controlled stockpile of any agricultural product," they added.

The delegates agreed tha "minimum use of price and income support measures" for agriculture that are economically sound was necessary as a cushion against disaster, but insisted that "support programs must be carefully designed and implemented to avoid conditions which are self-perpetuating, to protect our competitive position in world markets and to avoid undue interference with market-directed adjustments in production and marketing."

The delegates vigorously opposed "all governmental restrictions on the sale of agricultural products in world markets. Agricultural exports mustnot be held hostage in the name of political expediency or foreignpolicy. Decisions affecting agricultural exports should be made with full participation of farmers and the Secretary of Agriculture."

Ag Credit School Set For Bankers

A special session on the latest developments in the agricultural industry will be one of the highlights of the 25th Texas Farm and Ranch Credit School for Commercial Bankers at Texas A&M University, Feb. 7 - 9.

The session is designed to help keep Texas bankers up to date on our constantly changing agriculture, says Dr Richard Trimble, economist with the Texas Agricultural Extension Service and publicity chairman for the school.

Gene Finley, vice-president, Capital National Bank, Austin, will preside at the session which will feature discussions on energy and agriculture, the new meat grading system, grain sorghum research activities, beef tenderness, improved weather services, animal reproduction, the the new estate tax law.

The bankers school will also feature sessions on loan documentation, commodity outlook information, banker-customer relations, correspondent banking, farmers and outside equity captial, and dealer methods of financing farm equipment, points out Trimble.

In conjunction with the school, an Agricultural Credity Analysis Workshop and a Commodity Hedging Workshop will begin the afternoon of Feb. 9 and will continue through the morning of Feb. 11. The credit workshop will deal with preparing financial statements, analyzing and reconciling farm records, and preparing cash flow projections and will involve case studies.

The workshop on commodity hedging will deal with the mechanics of hedging, hedging decision guides, hedging as a forward pricing tool, and what a banker should know about living with a hedged loan.

To register for the school, write Trimble at Room 108A, Agriculture Building, Texas A&M University, College Station, Texas 77843.

Job Matching Fair Proves A Success

At least 100 new families have moved to Amarillo in the last month, and more are pouring in as a result of the Texas First Job Matching Fair that filled 1,000 jobs.

Of those 1,000 jobs, 600 will be filled by the end of February, and another 400 people are expected to go to work in a few months.

A similar Job Matching Fair is tentatively planned for March 12 in Temple under the local leadership of the Temple Chamber of Commerce.

Early Refunds Hinge On W-2 Issuance

Many taxpayers will not obtain early refunds this year unless they receive their W-2 forms from their employers soon.

The Internal Revenue Service today reminded employers that next Monday, January 31, is the last day to have completed W-2 forms in the hands of their employes.

Fuchs To Serve On Angus Board

Leo Fuchs of Cameron and L. J. Cobb of Rogers were elected to three year terms on the board of directors of the Hub of Texas Angus Association at the group's annual meeting at Belton.

Col. Ben H. Varner, a registered Angus breeder from Waco, was elected the 1977 president of the association.

Serving as first vice-president will be James L. Lilly of Waco, with C. A Heatherly of Richland Springs as second vice-president. John W. Laufenberg of Crawford was re-elected to the secretary-treasurer post.

Sharp-Tracy Friendship

Mrs. Leroy Guillote

Mr. and Mrs. Emory Brockenbush went to see her mother, Mrs. Albert Rinn, who is a patient in St. David Hospital in Austin.

The Friendship Circle met Wednesday in Rockdale with Mrs. Ida Harris as hostess. Members from here attending were Mrs. Irma Garner, Mrs. Ruth Caffey, Mrs. George Young, Mrs. Alberta Offield, and Mrs. Mabel Charles.

Visitors over the weekend of Mr. and Mrs. Buck Garner were Mr. and Mrs. R. T. Fowler and family; Barkely Garner and Bret and Randy McClaren, all of Austin.

Mr. and Mrs. Offet Parlett of Baltimore, Mary. visited with her brother and wife, Mr. and Mrs. Leroy Guillote.

Two homes in Friendship were broken into last week, making the third time the J. W. Pope home has been ransacked and the first for Mrs. Alice Rhodes.

Friendship had a dog show held by Marcell Walker on the Walker place. Many folks attended the show and lots others stopped by for a while.

Mrs. H. J. Ellender visited in Temple with Mr. and Mrs. Zane Bales and Mr. and Mrs. James Pope, Jennifer and James.

Mr. and Mrs. Harry Guillote of Austin spent Saturday night with his folks, Mr. and Mrs. Leroy Guillote and visited in the Ellenders and Wayne Lawrence homes Sunday.

Mr. and Mrs. Karl Hanke went to see his cousin, Alfred Glaser, who is critically ill in Scott and White Hospital.

Sunday Mr. and Mrs. Lester Hanke and Randy and Mr. and Mrs. Buck Gleenn, all of Copperas Cove, visited with Mr. and Mrs. Preston Schwartz.

Gause News

Mrs. Malcolm Timmons is recovering nicely from surger at Scott & White Hospital in Temple. She had surgery Tuesday. Mrs. Bernice Longmire of Minerva is visiting with Mr. Timmons, her brother, while Mrs. Timmons is in the hospital.

Mrs. Byron Goode was scheduled for surgery at Scott & White Hospital this past Monday.

Mr. and Mrs. George Bland spent Friday and Saturday in Trinity with Mr. and Mrs. J. W. Bland.

Mr. and Mrs. Jimmy Cass, Dwayne, Lisa, and Carmen of Lexington visited with relatives here in Gause Thursday night.

Larry Wise is home from the hospital.

Saturday visitors with Mrs. Mary Bowling were Mr. and Mrs. Albert Critchfield of Houston and Mrs. Mabel Stracener of Milano.

Mr. and Mrs. Henry Simmons accompanied Mr. and Mrs. Mike Simmons, Shannon and Nikki of Rockdale to Bryan Saturday.

Bill Blakely and Bill Jr. of Texas City spent the weekend here with Mrs. Agnes Blakely and Pam.

Weekend guests with Mr. and Mrs. Louie Lange were Mr. and Mrs. August Clos and Sue Ellen of Houston. On Sunday they, along with Mr. and Mrs. Buddy Stuckey and Wayne, celebrated Mr. Lange's birthday.

San Gabriel

Mrs. W. McDaniel

The chili supper kick off for Lay-led revival Saturday night was well attended with 80 adults and children. The guest speakers were Sherman Mayfield of Pleasant Hill Baptist Church of Tyler and James Glenn of Bryan.

There was a meeting Thursday night at Meadowbrook Baptist Church for the chairman committees for Good News Texas Revival. Those attending were Bro. John Roark, Mrs. James Terry,

Mr. and Mrs. John Douark visited her sister, Mrs. Eldo Sommerfelt Sunday afternoon.

Visiting Bro. and Mrs. John Roark over the weekend were Lois and Gary Richardson of Temile.

Those in Cameron friday night for the action program were Bro. and Mrs. John Roark, Mr. and Mrs. Billy Beason, Mr. and Mrs. James Terry, and Donny Heine.

Visiting Mrs. Andrew Garner over the weekend were her children, Mr. and Mrs. Jack Stiles and grandchildren Niki, Jimmy, and Zandy of Austin.

Mr. and Mrs. Buddy Limmer were happy to receive word that they were great grandparents. Mr. and Mrs. Kenneth Smith have a new son, Anthony Tyson.

Jesse Wilson is a patient in a Cameron hospital.

Mr. and Mrs. Richard Heine accompanied Mr. and Mrs. Arthur Wuthrich of Austin to the valley for the weekend.

Mrs. Bobby Evans, Travis, and Chandler of Caldwell were dinner guests of her parents, Mr. and Mrs. Jim Stewwrt.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The
TEXAS DEPARTMENT OF AGRICULTURE
John C. White, Commissioner

Fewer Gobblers, Onions . . . More Citrus And Cotton

Texas agriculture producers are planning a cutback on turkeys and onions this year. Citrus prospects are up from a year ago, and the state's cotton crop for 1976 also shows an increase.

TURKEY PRODUCTION is expected to be down four per cent this year compared with 1976, the Texas Crop and Livestock Reporting Service indicates.

If growers carry out their intentions, about 8,900,000 heavy breed poults will be raised compared with 9,300,000 a year ago.

In the 20 major turkey producing states, growers intend to raise one per cent more turkeys this year than last.

Texas ranks fourth in the nation in total turkeys produced. About a fourth of the turkey crop in the state is produced in three counties -- McLennan, Hill, and Bell.

IF YOU LIKE ONIONS, this may make you cry. Texas spring onion crop is now estimated at 16,400 acres, and that is 32 per cent below the 24,000 acres harvested last year. It is the smallest acreage since 1966.

Cool temperatures and wet growing conditions have slowed crop development. Harvest is expected to begin around the middle of March.

Wet weather from October through December plagued producers in South Texas, particularly in the Rio Grande Valley.

A SEVEN PER CENT INCREASE in citrus production for Texas this year compared to last year is now forecast, based on Jan. 1 prospects. The crop production is now set at 18,100,000 boxes.

Expected grapefruit production is currently 11,500,000 boxes, up seven per cent from a year ago. The forecast for production of all oranges is 6,600,000 boxes, up six per cent from a year earlier.

Early and mid-season oranges are expected to total 4,200,000 boxes and Valencia prospects total 2,400,000 boxes.

Harvest is behind schedule due to weather conditions. As of the first of the year, about 45 per cent of the early oranges and 20 per cent of the grapefruit had been picked.

THE LATEST UPDATE in cotton production for Texas shows an increase of 868,000 bales from the 1975 crop.

The 1976-77 crop year forecast is 3,250,000 bales, up 250,000 bales from the Dec. 1 forecast.

Planted acres are expected to total 4,800,000, which is ten per cent more than a year ago. A 15 per cent increase in harvested acres compared to a year ago is also indicated.

A significant increase in yield this season compared to the past two years is also expected. Per acre yield is now set at 347 pounds per acre.

Oink, Oink . . . Wheat Acres Decline . . . Crop Reports On The Way.

Texas hog producers apparently see some dangers ahead in expanded pork production as they are planning to cut back on sow farrowings during the first half of this year.

The Texas Crop and Livestock Reporting Service notes that from now through May, Texas farmers intend to farrow 91,000 sows. This is two per cent less than the same period a year ago.

The December-February quarter is expected to show an increase of four per cent from a year ago, but the March-May quarter is expected to see a decline of nine per cent compared to a year ago.

Nationwide, by comparison, U.S. hog producers intend to farrow 6.1 million sows through May. This would be an increase of five per cent from a year ago.

As of Dec. 1, the inventory of all hogs and pigs in Texas was 850,000 head. This is nine per cent more than a year ago, but is ten per cent less than two years ago.

The number of market hogs totaled 731,000. This is 11 per cent more than a year ago. The breeding herd was 119,000 head. This is two per cent less than a year ago.

Across the nation, hog and pig numbers totaled 55,100,000. This is 11 per cent more than a year ago. The number kept for breeding, at 8,000,000, is five per cent more than a year ago.

The 1976 pig crop was 19 per cent higher than a year ago, which explains some of the reason for the drop in prices for hogs to producers.

Winter wheat acreage for the nation is set at 55,800,000 acres. This is a three per cent decline from last year. Based on Dec. 1 conditions, this would produce 1,438,000,000 bushels, which is about twice the amount that would normally be used in this nation.

G-622GBR
The New Greenbug Resistant Hybrid that looks and performs like Funk's G-522...Yields and Stands.

1976 Farm Report

Taylor, Texas, Edmond Raesz..."Comes up strong...made more that my other varieties."

Cameron, Texas, Hobbs Cattle Co...."G-522 has been a consistent top producer in Milam County area. We like the large stalk for standability and the semi-open head for ease of harvest."

Jarrell, Texas, Louis Straka, Jr...."I'm pleased with G-522."

Thrall, Texas, Gilbert Ging..."This has been a real good maize. I have planted this variety (G-522) four years in a row and it has produced as much as any other variety I have planted."

Snook, Texas, Edmund Sebesta, Jr...."For several years Funk's G-522 has proven to be a top performing grain sorghum hybrid on my farm."

Buckholts

Mrs. Edwin Gandy

Mr. and Mrs. W. E. Beckhusen visited their daughter and her husband, Becky and Alvin Chenoweth of Lubbock. They were there in time to help Becky celebrate her birthday.

Mr. and Mrs. Bud Pope of Barksdale are here visiting their daughter and family, Mr. and Mrs. Jack Walzel Sr. and their grandson, the Jackie and Dale Walzel family.

Jeffery Beckhusen of Austin spent the weekend at home with his parents,Mr. and Mrs. W. E. Beckhusen.

Mrs. Virginia Williams visited with Mrs. Ellen Koeba, whos is a patient in a Rockdale nursing home.

The W. E. Beckhusens visited his uncle and aunt, Mr. and Mrs. Carl Beckhusen of Ballinger.

Leon Brady was in Irving last week to be with his daughter, Janie Glaser, when she had surgery.

Mr. and Mrs. Joe Brady spent the weekend in Centerville visiting friends.

Mr. and Mrs. Leonard Warren and Tim of Houston spent Sunday with her parents, Mr. and Mrs. R. L. Lock.

Others visiting in the Lock home were Mr.and Mrs. Roy Johnson of Cleburne and Bob and Pearl Hopper of Houston.

Glad to report that Mrs. O. W. Whittington, who has been on the sick list, was able to be in church on Sunday.

Bobby Loftin of Temple visited relatives here on Sunday afternoon.

Maysfield

Mrs. J. P. Wise

This reporter returned Thursday from a two month visit with her children in the East. I visited my daughter and husband, the R. K. Reiders in Atlanta. The group visited the H. N. Paulsens in Panama City, Fla. I then flew to Jefferson, Maine and visited with my son and wife, Dr. and Mrs. Bob Wise. While so many were going to Florida or Mexico or some Islands, I was going to Maine. Even the geese have more sense. It was 20 degrees below the night I left Maine. Texas is cold enough for me.

Danny Thweatt and Jim Reynolds spent Sunday with Danny's parents, the Vaughn Thweatts.

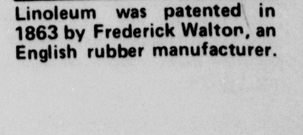
Haywood McConnel is a patient in the Hearne hospital. He suffered a heart attack last Monday.

Mrs. Roy Newton and Mrs. J. P. Wise visited Mrs. Charles Bailey in Branchville Sunday afternoon.

Guests of Mrs. Doris Gleason and Miss Mary White were Mary Selzer of Cincinnati, Ohio; Charlie Beutly of Louisville, Ken.; Charlie Burns and Rick Reagan of Chicago, Ill.; Mark Liberio of New York; and Tim Gleason of St. Louis, Mo.

Mrs. Bailey Jones of Rosebud visited her sister, Mrs. Leroy Massengale last week.

Thanks to Mrs. V. T. Thweatt for writing the news while I was away.



Linoleum was patented in 1863 by Frederick Walton, an English rubber manufacturer.

Baptists Planning Media Campaign

FORT WORTH

A million dollar mass media campaign to support the evangelistic ministries of 4,400 Texas Baptist churches was unveiled at the denomination's annual Evenglism Conference here Jan. 17.

More than 8,000 church leaders from throughout the state were shown "Living Proof" television and radio sport announcements that Texas Baptists and the Bloom Advertising Agency of Dallas predict will be seen 40 times by the average Texans this spring. The media campaign will be conducted Feb. 20-March 20 in North Texas, March 6-April 3 in South Texas, and March 27-April 4 in West Texas.

The campaign to reach every Texan with the message of Christ's love will also use extensive advertising through newspapers, magazines, billboards, transit posters, and direct mail pieces, said Dr. Lloyd Elder of Dallas, chairman of the media committee for the Good News Texas evangelistic campaign.

Dr. Elder said the TV and radio sports, focus on the "Living Proof" media campaign, will feature well-known people telling how their lives were changed through a spiritual encounter with Jesus Christ.

The spots feature Christian testimonies by former Black Panther leader, Eldridge Cleaver; Miss Teen-Age America Becky Reid of Dallas; Antonio Mendoze of the Office of Equal Employment, White Sands, N. Mex.; actor Dean Jones; country singers Jeannie C. Riley and Connie Smith; professional football player Billy "White Shoes" Johnson; Rosargentina Pinel Cardova, San Antonio, Consul General of Honduras; South Texas entertainer Paulino Bernal and business executive Alan Mayer of the Oscar-Mayer Co.

Dr. James H. Landes, Dallas, executive director of the 2-million member Baptist General Convention of Texas, said the media campaign will support local church revivals and other evangelistic efforts. He challenged the cnurches to gear into the media campaign by contacting every Texan who has spiritual and physical needs.

He said many Southern Baptists church in Texas are already preparing for the statewide effort through prayer, training their members to share Christ and through visitation and telephone campaigns to find people who aren't Christians.

Methodist Church News

The Fourth Sunday of the Epiphany season will be observed this Sunday at the morning worship service at the First Methodist Church of Cameron. The scripture lesson will be read from 1st Corinthians 1:18-31.

Rev. Stanley Vodicka Jr. will conduct the worship service.

All youth who plan to

All youth who plan to attend Mid-Winter at Lakeview Assembly on the weekends of February 18-20 or February 25-27 are urged to mail in their pre-registrations forms early. The cost of this weekend of inspiration is $18.50 and forms can be secured from Miss Joretta Howard or Coach Ed Cauley.

Youth who are in 9th thru the 12th grades are eligible to participate in this program at which Bishop Finis Crutchfield will speak.

Human relations Sunday will be observed on February 6 and the boy Scouts will be recognized at the service on February 13.

James Camp is the church school superintendent; Gene Balke the chairman of the Administrative Board and Mrs. Forest Sapp is the president of the United Methodist Women.

Spring Sale Set By Angus Association

The Hub of Texas Angus Association will hold a Spring Sale of top quality Registered Angus females on May 14, it was announced today by John W. Laufenberg, sectres. Sale location is tentatively set for Belton or West.

All area breeders are invited to consign good females to this annual event. Breeders making selections now can have the cattle in good condition for the screening committee.

In addition to breeder entries, the Association invites consignments from any Junior, FFA, or 4-H Club member whose Angus heifers which have completed the show circuit.

Additional information may be obtained from John W. Laufenberg, sec.-treas; Hub of Texas Angus Association, Rt. 2 Box 180, Crawford, TX 76638.

Pro Life Program Held Here

St. Edward Hospital at Cameron sponsored a Pro Life program in the hospital lobby Friday which included an ecumenical prayer service.

Theme of the program was taken from the opening statement of Pope Paul VI in his New Year's Day address in Rome, "If you want peace, defend life."

January 22 was the third anniversary of the Supreme Court ruling that liberalized abortion laws in the United States. Many institutions and organizations throughout the country observed the anniversary by some type of public witness in protest to the laws.

The Ministerial Alliance in Cameron endorsed the Pro Life program and participated in the hospital program by reading Bible verses pertaining to life. Others participated by their presence.

ALCW To Mark 50th Anniversary

The American Lutheran Church Women of Hope Lutheran Church of Buckholts will celebrate their 50th anniversary on Sunday, Jan. 30.

A worship service at 10:15 a.m. will be led by former pastor John Striepe who will bring the message. A covered dish luncheon will follow the service.

Beginning at 1:30 p.m. a service of Praise and Remembrance honoring two charter memers, Mrs. R. P. Lehmann and Mrs. Ernest Fischer will be held with former pastor John Peitsch bringing the message.

The celebration will end with a tea. Visitors are welcome to the day's activities.

Primera Church Has New Pastor

Rev. Gordon J. Molengraf is serving as pastor for the Primera Iglesia Bautista of Cameron. He is now living in Irving and commutes here for the services.

Rev. Molengraf, 33, was born in Holland, Mich., and received his BA degree from Texas A&I University at Kingsville. He is presently working toward his Master of Divinity at Southwestern Baptist Theological Seminary in Fort Worth.

After accepting the call to the ministry at Alto Frio Baptist Encampment in 1974 and while holding various jobs, he was an independent Bible teacher for Spanish-speaking churches.

He and his wife, Minerva, have two sons, Jonathan Eric and Jacob Vincent.

Boston was once known as Beantown because it was famous for its baked beans.

Beautiful, But
DEADLY
There is a man — he's a U.S. park ranger — who spends a lot of time deliberately starting avalanches on mountains like this.
His job is to produce carefully small, controlled snowslides to prevent devastating avalanches that could wreak terrible damage and claim lives.
Going to church can be like that. It can give you solutions to spiritual problems while they are small and manageable instead of letting them build up until they're too big to handle. Like snow on the side of a mountain, unfaced problems can swell into an avalanche of monumental proportions and simply swallow up your useful life.
The strength to face your day-to-day problems is waiting for you right now — at your church.

High Potency Vitamin E
Sexual Potency Quickly Improves With New 'E-Pill'

NEW YORK, N.Y. (Special)—An amazing new "super-charged" vitamin E-Pill has recently been developed that reportedly "quickly increases and rejuvenates sexual drives and potency for both men and women of all ages. It also makes them feel healthier and more youthful". It is now available to the American public.

The new high potency E-Pill not only seems to increase sexual ability of both sexes but also "actually perks up sexual interest and stimulates a persons desires," according to a spokesman for the manufacturer.

ALSO IMPROVES GENERAL HEALTH

This new, easy-to-take E-Pill contains newly formulated, highly concentrated vitamin E. It tends to quickly build up and strengthen the natural physiological processes of the body that are believed to be basically responsible for its potency, youthfulness, health and long life.

HELPS 4 OUT OF 5 PEOPLE

Indications are that the new E-Pill gives quick and effective results to as high as 4 out of 5 people (80%) who have used it. Some people report no great change but feel the high potency of vitamin E in the pill does quickly make them feel better from a general health standpoint.

Other reports also show it tends to "lessen daily tension and give a more relaxed, happier outlook on life."

NOW AVAILABLE

The use of these high potency (one-a-day) E-Pills is perfectly safe and are now available without prescription from the manufacturer by mail order only. To get your supply, send $6.95 for a 2 week supply, (or $10.95 for a 30 day supply, or $17.95 for a 60 day supply) cash, check or M.O. to: E-Pill, Dept. 516, 447 Merrick Road, Oceanside, N.Y. 11572. (Unconditional money-back guarantee if not satisfied.)

PUBLIC NOTICE

Notice is hereby given that Bluebonnet Electric Cooperative, Inc. intends to change rates for electric utility service effective February 15, 1977, or as soon thereafter as permitted by law. The changes are applicable to all areas to which the Cooperative provides electric utility service. All classes of customers are affected by the proposed changes. The proposed rates will effect an 8.5% increase in the operating revenues of the Cooperative based upon the twelve month period ending June 30, 1976 as the adjusted test year.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A Statement of Intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Cooperative, and the classes and numbers of utility consumers affected is on file with the Public Utility Commission of Texas, the City of Bastrop, the City of Brenham, the City of Burton, the City of Carmine, the City of Fayetteville, the City of Giddings, the City of Manor, and the City of Round Top.

The Statement of Intent is available for public inspection at the general office of Bluebonnet Electric Cooperative, Inc. at 426 E. Austin Street, P. O. Box 240, Giddings, Texas 78942.

NEWS OF CHILDREN

Great Helping Hand: At The End Of The Arm!

Dear American Friends,

I am so glad to receive your birthday gift, a lovely birthday card and two color photos. Mother cooked eggs, pig's feet and noodles for my birthday celebration (Eggs are a symbol of life and noodles longevity—Chinese customs to celebrate one's birthday).

Our junior high graduation was held yesterday. We exchanged pictures and farewell words. The principal taught us how to treat others and live in this world and other things we should pay attention to. I feel I grow older.

After graduation I will work as a lathe apprentice in a steel factory where my elder brother works. I thank you all very much for your kind help in the past. I will learn your spirit of helping others to help others. I sincerely wish each one of you much blessings and wish you good health and happiness forever. I am sending you a picture for remembrance.

From your friend,
Yu-Yi

Yu-Yi has gone on to become a contributing member of his community.

One of the best helping hands a child can have is right at the end of his arm.

Another helping hand—precious to children who need training so that through hard work they can help themselves—is the Christian Children's Fund, a group that believes in self-help. CCF members help children to help themselves through education.

CCF works to build a strong foundation for the child, using a sponsor/child relationship. A sponsor contributes $15 per month to assist the child with necessities. Part of this money is also used to further better family relationships to insure a stable homelife for the child. Another part may be used to assist the community in which the child lives.

Christian Children's Fund works with educational facilities, and stresses the need for communities to develop programs of self-help.

Today, Christian Children's Fund is an international, non-sectarian organization bringing together available resources to benefit the child, the family and the community.

The belief is strong among CCF members that the child must learn to help himself. Through the sponsor relationship the child learns a sense of pride in becoming a useful member of his society. For information on how you can sponsor a child write to the Christian Children's Fund, Inc., P.O. Box 26511, Richmond, Va 23261.

This child can learn to help himself through a CCF sponsor/child relationship.

The most popular adult sport in Great Britain is dart throwing!

Happening about town

Gerry Prazak, Area Editor

JOHNY WAYNE AND JAMES STEWART portray long-time friends who realize their way of life in the West will be no more in Paramount Pictures' "The Shootist," a Dino DeLaurentiis Presentation of a Frankovich/Self Production, a Siegel Film. Opens Friday and Saturday, Jan. 28 and 29 at the 77 Drive-In Theatre in Cameron.

Mother's March To Be Held In Rogers

The Mother's March of the March of Dimes will be held in Rogers Friday, Jan. 28 from 5:30 in the afternoon to 7:30 p.m. Mrs. B. F. Harbour is chairman.

Mrs. Harbour will be assisted by the members of the Rogers Home Demonstration Club with Mrs. M. R. Cobb as president. A number of other ladies will workwith the Home Demonstration Club in this project.

The big project of the local and national March of Dimes now is the prevention of birth defects in children. There are over 200,000 such birth defects each year in the United States. The money is used in research and other preventive measures and in the treatment of birth defects.

The Rogers women will make a house-to-house canvas in Rogers. All citizens are urged to be at home during the time of the visits or make arrangements for their contributions to this worthy cause.

Brig. Gen. (Ret.) Allan Pixton of Killeen is chairman of the Leon Valley March of Dimes, of which Mr. & Mrs. Harbour are members of the board of directors. Leon Valley chapter includes Bell, Lampasas, and Coryell Counties; Milam County has applied for membership in this chapter.

All Mothers' March helpers are expected to attend the preparatory meeting at 5 p.m. on Jan. 28 in the home of Mrs. Harbour. Supply packets will be given to the workers at that time.

Coach Donald Godwin of Rogers High School is sponsoring a benefit March of Dimes basketball game at the Rogers gym.

Dance At Holland SPJST

Holland SPJST located 15 miles southwest of Rogers will have a dance. From out of the night will come the 'Big Band Sound' of Gilbert Kautz playing for your listening and dancing pleasure. Cocktail and dinner dance music plus old favorites will be played.

Pairs and spares invited plus widows and widowers.

Polka and waltz not left out.

Everyone is invited.

Tasty Tips from Checkerboard Kitchens

Cereal Makes A Delightful Filling For Orange Brunch Cake

ORANGE BRUNCH CAKE

2 tablespoons and 2 tablespoons butter or margarine
3/4 cup and 1/4 cup sugar
1/2 cup orange juice
1 tablespoon grated orange peel
3 cups Rice Chex cereal (bite-size crispy rice squares) crushed to 1 cup
1/3 cup chopped pecans
1 package active dry yeast
1/4 cup warm water (105-115°)
1 teaspoon salt
1/2 cup milk, scalded

2 1/2 to 3 cups all-purpose flour, unsifted

Combine 2 tablespoons butter, 3/4 cup sugar, orange juice and peel in saucepan. Heat to boiling. Stir in cereal and nuts. Cook over low heat, stirring constantly, until very thick (about 3-4 minutes). Let cool. Sprinkle yeast in warm water. Stir to dissolve. Set aside. Combine 2 tablespoons butter, 1/4 cup sugar, salt and milk in large bowl. Add egg and yeast. Mix well. Gradually add enough of the flour to form a stiff dough. Stir vigorously after each addition. Knead 15-20 times on lightly floured board until smooth and no longer sticky, working in some of the remaining flour to make a very stiff dough. Cover with plastic wrap or waxed paper and let rise (on board) 30 minutes.

Roll out on lightly floured board to 15 x 8 inch rectangle. Spread filling lengthwise down center third of dough. Cut 1-inch wide strips in dough from filling to outer edges. Fold alternate strips over filling at an angle to form a braid. Transfer to greased baking sheet. Or, form into a ring joining ends securely. Cover. Let rise in warm place (80-85°) until doubled in bulk (about 40-60 minutes). Bake at 350° about 15-20 minutes or until golden brown. Cool on rack. Drizzle with confectioners icing and sprinkle with nuts if desired. Makes 1 cake.

College News

The Vice President's Honor List for the fall semester at Mary Hardin-Baylor College has been announced by Dr. Don L. Jernigan, vice-president for Academic Affairs.

Students with a 4.0 grade average include Robin Simmons of Cameron.

Other studentswith 3.5 to 3.9 grade averages include Jo Ann Vogelsang of Cameron.

Ladies COfC Make Plans For Show

The Ladies Committee of the Cameron Area Chamber of Commerce will give top priority on its list of 1977 activities to the annual autum Arts & Crafts Show, according to Pam Browder, chairman.

This all-out effort is being made to make this one of the most outstanding shows of its kind.

A general planning committee was selected and is composed of Mrs. Forrest Sapp, Mrs. Richard Bush, and Mrs. Alvin Roberts.

This committee will set up subcommittees to handle all phases of the show and will add new areas of interest.

The date has been set for the firt weekend in October, which will be October 1, 1977.

Guest Artist Will Be In Temple

Norma Mees, a member of the Austin Palette Club, will present C. Warren Cullar who will be the guest artist-demonstrator to begin the New Year at Temple on Saturday, Jan. 29 at 10 am at the Meadow Oaks Baptist Church at Thornton Lane and 57 St.

A transparent watercolorist, Cullar has made a New Year's resolution to make the fun and techniques of the medium better known to Hill Country artists and collectors. He will produce a complete watercolor in 2 1/2 hours.

Cullar received his Bachelor of Fine Arts degree from Abilene Christian College and his Master of Fine Arts from the Instituto Allende, San Miguel de Allende, Guanajuato, Mexico.

Beginning his career as a commercial artist and advertising manager, he taught college art for eight years, first at Hardi-n-Simmons University, Abilene, and most recently Western Texas College, Snyder.

Cullar, a member of the Texas Watercolor Society and Southwest Watercolor Society, has lectured and conducted workshops throug-out the southwest.

As a New Year's gift, he is presenting this program at no charge. The public is invited to join the fun.

Laundering Habits Keep Clothes Fresh

Good laundering habits will keep clothing looking fresh and new longer, Margret Ann Vanderpoorten, a clothing specialist, says.

"Clothing too heavily soiled before washing will not was clean--leaving it dingy," this specialist with the Texas Agricultural Extension Service, the Texas A&M University System, says.

"Sorting clothing by colors is also important. During washing, white fabrics may absorb color from other garments and become grayed or yellowed. Light colored fabrics that absorb color from darker ones will look dull.

"Using the correct amount of detergent is crucial. Too little detergent prevents complete removal of soil. Amounts recommended by the detergent manufacturers ususually most effective," she said.

Laundering in small loads works best. Crowding the washer keeps clothes from agitating properly, the specialist explained.

Since most of today's clothing is laundered rather than dry cleaned, improved laundering methods can prolong the appearance of newness and keep clothing wearable longer, she said.

COOKING Brilliantly

TIPS FROM THE TOP

Good gravy is not hard to get if you make sure both the stock and the roux are boiling and that the roux is not too thick. This prevents both lumps and breaking.

Ed Henke
Janesville, Wis.

BIRTHS

Mr. and Mrs. Milton Hubnik wish to announce the adoption of a son, Edward Ray, born December 30 and weighed 8 pounds 5 ounces.

He came to make his home in Cameron on January 19.

Grandparents are Mr. and Mrs. John Hubnik of Cameron and Mr. and Mrs. Lawrence Vrazel Sr. of Yarrelton.

CLUBS

Booster club

A large group of people turned out for the first meeting of the Buckholts Booster Club. The group discussed plans for the club which will be a community effort to stay informal on t needs of the school. Theg up discussed money-making projects to help purchase such items as they feel are needed for the school and the students.

At the meeting executive officers were also elected. Elected was Mrs. Barbara Kuzel, chairman; Mrs. Gwen Hauk, vice-chairman; Rev. Ronnie Watson, secretary-treasurer; and Laura Kuzel, publicity chairman.

Pleasure &Profit

Pleasure and Profit club members and one guest, Mrs. Amelia Van Matre of Corpus Christ, enjoyed a meeting Thursday afternoon at the home of Laura Grimes.

During the social hours, refreshments were served by the hostess.

Fannie Jackson, vice-president conducted a short business meeting in the absence of the president.

Mrs. Grimes then entertained the guests with a book review entitled "Tisha" by Robert Specht.

Use an old toothbrush dipped in suds and ammonia to give a sparkle to cut glass.

SCHOOL NEWS

Karon Shelton Engaged

Mr. and Mrs. Damon Dorris of 2223 Baylor, Waco announce the engagement of their daughter, Karon Gail Shelton to Alvah Dwain Brown.

Grandparents of the bride are Mr. and Mrs. J. T. Krall of Cameron.

The future bridegroom is the son of Mrs. Sondra Brown of 713 Tulane in Waco and W. D. Brown Jr. of Lorena.

Grandparents of the groom to be are Mr. and Mrs. W. A. Holmes of Waco.

The bride-elect graduated from University High School where she was president of Home Economics Cooperative Education and was a member of the spirit club. She is a quality control technician for Coca-Cola Bottling Co.

Her fiance also graduated from University and was president of the rodeo club. He studied criminal justice for two years at Tarleton State University and was active in the rodeo club. The prospective bridegroom is an iron connector for Brown & Root Construction Co. in Houston.

The engaged couple is planning a fall wedding.

"Great ideas come from the heart." Vauvenargues

MRS. DONALD KEITH AUTRY

Double Ring Ceremony Unites Couple Recently

Trinity Baptist Church, Cameron was the scene for the marriage of Donald Keith Autry and Patricia Rochelle Cox on January 1.

The Reverand Clifton Dove officiated at the double ring ceremony. Music was provided by Janna Hearne.

Parents of the bride are Mr. and Mrs. William Donaho, Jr. Parents of the groom are Mr. and Mrs. Wilmer Autry of Hobart, Oklahoma.

The bride was given in marriage by her father, William Donaho, Jr. of Cameron. She wore a formal length gown of white crepe. The bodice and sleeves were lined with blue and white dotted swiss embossed with blue flowers and trimmed with white lace. Her bouquet was a cascade of white carnations centered with blue carnations.

Matron of honor was the mother of the bride, Donna Donaho. She wore a double knit dress of tan and brown and carried a bouquet of blue carnations.

Best man was the father of the groom, Wilmer Autry of Hobart.

The ring bearer was the son of the bride, Tommy Cox. He wore a royal blue suit with a blue carnation. The heart shaped pillow he carried was designed to match the bridal gown.

Robert "Sonny" Donaho was the usher.

Ms. Debbie Thorpe registered guests.

A reception in the home of the bride's parents followed the ceremony. Music was provied by William Donaho Jr. and Archie Donaho.

The bride and groom are now at home in Alexandria, Louisiana where the groom is working for the Ford dealership and the bride is working at the airport control tower for the Federal Aviation Administration.

Personal Mention

Guests in the home of Mr. and Mrs. William Donaho Jr. recently were Mr. and Mrs. Buddy Donaho and children, Tommy and Billy of Tomball. Sherwood Donaho of Houston, Mr. and Mrs. John V. Watts and family of Ottumwa, Iowa and Mr. Donaho's Mother, Mrs. Estalene Cohagan of Ottumwa, Iowa.

TRAVEL TIPS AND TRICKS

If you are hungry when you board your flight, sit near the galley. It is forward in first class and aft in economy. Generally, passengers seated closest to the galley are served first.

900 - $5 PRIZES

2,500 - $2 PRIZES

17,500 - $1 PRIZES

RULES FOR PLAYING GAMERAMA SERIES #12

1. Get a FREE Gamerama Master Card on request at the end of the checkout or at store office. Get one FREE Game Ticket every time you visit a participating Minimax Store. No purchase necessary to participate. Adults only eligible to play.

2. On each Game Ticket there are four Gamerama Markers. To reveal the Markers, simply punch out the perforated portions of the Game Ticket, then separate the punched out portions and you will have four Markers. Each Marker corresponds to a square in one of the Games on your Master Game Card.

3. When you have revealed the Gamerama Markers, carefully place them in their appropriate squares on your Master Game Card. EXAMPLE: If one of your Game Markers is a 6-Clubs in the $1000 Game, insert that marker in the square numbered 6-Clubs in the $1000 Game. When you complete any row in a game, you may have a winner. In some games, you will find squares marked FREE and it is unnecessary to collect a Marker to be placed in such FREE squares. FREE squares are not transferable. Only one winner per card.

4. When you have a winning card which has been verified by authorized personnel, you will, after furnishing your name and address, be awarded your prize. A Federal Trade Commission rule requires that the names and addresses of all winners be posted in all participating stores. When forming in your winning card all your Gamerama Markers which are not part of the winning row may be removed and transferred to a new card. Only one prize will be awarded per game on any one Master Game Card. All Gamerama Markers in a winning row must be installed on the back by the customer in the presence of authorized personnel. Tax liability on prizes is the responsibility of the prize winners.

5. All game materials will be rejected and judged void if not obtained from and verified by authorized personnel or if any part of any of the game pieces is illegible, altered, mutilated, defaced, tampered with, forged, contains printing or other errors, or is irregular in any way. Game material void where taxed or prohibited by law.

6. Game will end upon distribution of all Game Tickets. All prizes must be claimed within five (5) days after announcement of termination or they are forfeited. Notwithstanding anything herein to the contrary, at such time as the verified claims for prizes in any category equals the number of prizes advertised for that category, then the game as it relates to that specific prize category shall immediately terminate without notice, and any unverified claims at or after that time shall be automatically rejected.

7. Game materials valid only for this game. All game Tickets, Gamerama Markers and Game Cards must have the same series number. EXAMPLE: If you have Master Game Card Series No. 12, all of your game pieces must have Series No. 12.

8. Employees (and their I.R.S. listed dependents) of Fleming Foods Company, participating Minimax stores, Benton Associates, their advertising agency and any other companies engaged in the development and production of these game materials are not eligible to win.

9. Gamerama Marker void if it does not have on it:
(a) Series No. 12
(b) Value of Game
(c) Bingo symbol or card and suit symbol spelled out
(d) Bingo symbol or card and suit symbol
(e) Gamerama spelled out
(f) Safety Pattern background

GAMERAMA MARKER VOID IF ABOVE SIX (6) ITEMS ARE NOT CLEARLY VISIBLE.

10. Gamerama Series No. 12 Marker must conform in size, shape and detail to the example illustrated above, and must contain the six (6) items of authentication described in Rule No. 9.

ODDS CHART AS OF JANUARY 27, 1977

Scheduled Termination Date of this Program: April 28, 1977

PRIZE VALUE	NO. OF PRIZES	ODDS FOR ONE STORE VISIT	ODDS FOR 13 STORE VISITS	ODDS FOR 26 STORE VISITS

we want you to know...
Carol Scroggins, Director of Consumer Affairs

What cooks fast, tastes good, extends meat dishes and food dollars, is versatile enough for salads, main dishes, soups and even desserts. Rice, that's what.

Rice comes to the market in several forms. Brown Rice which has a nutty flavor and a chewy texture. It's had only the hull removed. Milled or White Rice has had the hull and bran and some of the germ removed. Enriched Rice means thiamine, niacin and iron have been added. Parbolled Rice has been partially cooked by a special process which causes some of the nutrients of the bran lager to move into the inner kernal. This also increases the shelf time. Wild Rice is really a grass seed and is dark brown with a distinctive pretty flavor.

For more information and recipes using versatile rice, write to
